# STUD10 Student Data

The STUD10 (Student Data Verification report) has six sub-reports, available on the parameter page. All data on each sub-report are pre-integrity.

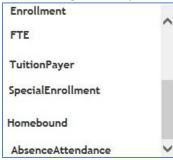

(1) Reporting Parameters: Users must choose a fiscal year, School, and Grade from the drop-down menus.

School-level permissions

(2) Data Type: Displays a dropdown menu for selecting a sub-report:

- **Enrollment:** The Enrollment STUD10 sub-report displays all students submitted by a school/LEA and their respective enrollment information (Name, Birthdate, Member type, Track, Enrollment code, Exit code (if applicable), Exit date (if applicable), Absence days, Attendance minutes, District of Residence).
- **FTE:** The FTE STUD10 sub-report displays all students submitted by a school/LEA and their respective fulltime equivalency data (Start date, End date, FTE value).
- **Tuition Payer:** The Tuition Payer STUD10 sub-report displays all students submitted by a school/LEA and their respective tuition payer status (Start date, End date, Tuition payer code).
- **Special Enrollment:** The Special Enrollment STUD10 sub-report displays all students submitted by a school/LEA that have special enrollment data (Start date, End date, Special Enrollment code).
- **Homebound:** The Homebound STUD10 sub-report displays all students submitted by a school/LEA that are schooled at home or place of care, their homebound Start date and homebound End date.
- **Absence/Attendance:** The Absence/Attendance STUD10 sub-report displays all students submitted by a school/LEA and their respective absences and attendance minutes (including Absence date and Absence reason).
